Huge Oil Sands Project Gets Underway

BIG DEVELOPMENT AT McMURRAY OIL SANDS

Two oil companies announced a development program to produce crude oil commercially from the Athabasca oil sands in the Bitumont district, 125 miles north of Lac la Biche.

In a joint release, Ray Althouse, president of Royalite Oil Co. and Harold J. Egan, president of Can-Amara Oil Sands Development Ltd. said the development program will start immediately.

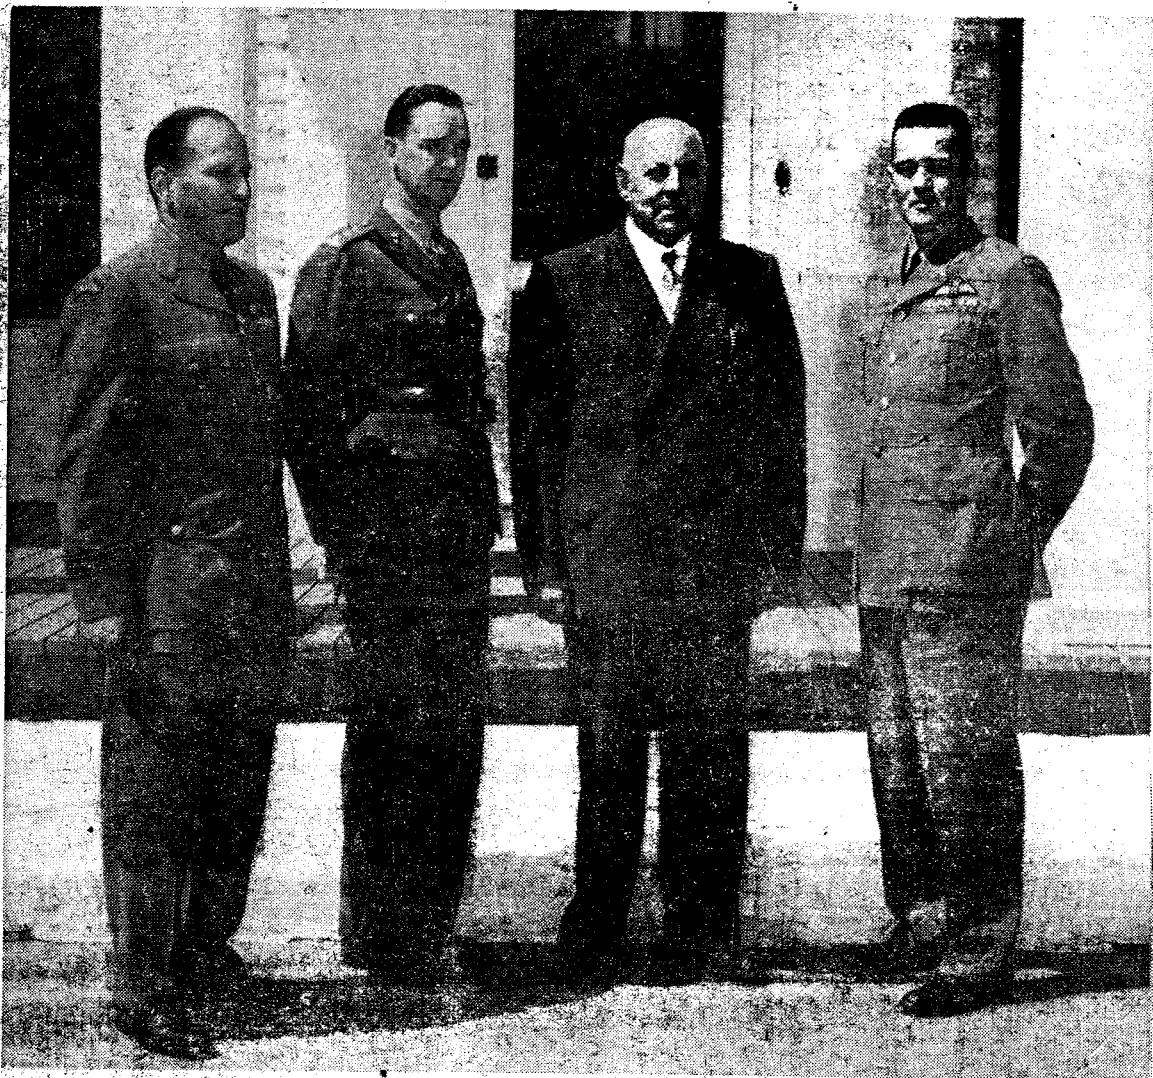

Can-Amara has been testing a machine made in Poughkeepsie, N.Y., which separates the sand from the oil by centrifugal force. The sands, covering up to 30,

000 square miles of northeastern Alberta, hold more oil than all other known reserves in the world. Estimates range from 100,000,000,000 to 300,000,000,000 barrels.

Finding an economical way of separating the oil from the sand retarded development.

A study of oil-sand separation method began by the Alberta Research Council in 1920.

Can-Amara and a sister firm, Mill Creek Oil Co. Ltd., have an option to purchase the Alberta government's pilot plant at Bitumont and lease nearly 6,000 acres of oil sands.

BEARING PERSONAL greetings from the Lieut. Governor of Alberta, John L. Bower, Governor of Prince Edward Island were two aides-de-camps of Lieut. Governor Bower of Alberta, who are presently serving as Staff Officers with 18 Wing R.C.A.F. (Aux.), which is participating in an Army-Air Force exercise while based at Summerside, P.E.I. Shown in

District Agriculturist Notes

To Ensure Next Year's Crop, Cut Alfalfa Before Aug. 17 or After Sept. 7

By J. S. LORE

It has been brought to my attention that a number of farmers in the Lac la Biche district have experienced very low yields of hay on fields where second cuttings were taken last year. During the last several years the Lacombe Experimental Station has been collecting data to find if the second cutting harms the following year's crop. They have found that cutting alfalfa during the period of August 17 or Sept. 7 may harm succeeding crops. Cut your alfalfa before August 17 or wait until after September 7 is the advice of forage crop specialists at Lacombe.

It is a matter of food reserves, they say. Cut during the three weeks mentioned, reserves are used up in producing new growth and the plants go into winter in a weakened condition. If, however, the crop is cut before the middle of August, sufficient food reserve is built up before winter to provide protection and promote thrifty growth in the following spring. After the first week in September little new growth occurs, so cutting after that time is not likely to injure the crop.

Agronomist W. J. Doran, who has been conducting this work at Lacombe in recent years, says that considerable reduction of yield and loss of stand is still occurring in Central Alberta due to faulty harvesting practices. More winterkill-

ing, reduced spring vigor, and lowered yields, result at Lacombe when the second cutting is taken between the middle of August and the end of the first week in September. Food reserves are used new top growth and there is too little time before freeze-up to renew reserves. As far as winter survival is concerned, the tests indicate that stage of development at the time of second cutting is less important than the time left between cutting and freeze-up. Upon this time interval depends the supply of food reserves. The supply of food reserves has a direct bearing on the extent of winter losses.

At Lacombe, at least 40 days is required after second cutting to again build-up adequate reserves and allow growth to slow down before freeze-up. When cutting is done during the critical three weeks there is too little time before the onset of cold weather to replenish reserves.

Lac la Biche Fawns Postpone Banquet

On Tuesday, August 2, the Lac la Biche Fawns held a meeting following the year's play.

The original date, August 18, set for the Fawns banquet was postponed until a later date, to be decided in the near future.

Warren Raymond Makes Good In R.C.A.F.

CLINTON, Ont. — AC 1 Warren Raymond of Hylo, left here recently to enjoy a month's leave visiting at the home of his parents and friends in Hylo and Lac la Biche.

Warren took a Fighter Control Operator Course at the Radar and

Communications RCAF School, and did exceptionally well in his final tests. He obtained the second highest mark in his class. His average for the whole course was close to the 90 mark. He obtained his high school education at Dr. Swift School in Lac la Biche and during his high school career he won a number of awards for good quality grain. He also was selected to go to the school of agriculture in southern Alberta.

Lac la Biche Boy In R.C.A.F.

AC 2 Michetti is now in Colinton after completing the program and drill and studies at St. John's in the minimum amount of time. He is now in course after being on contact training for one week. Joseph is taking an FCO course at the Radar and Communications School.

Joseph received his schooling in Lac la Biche. He then secured a job in Edmonton, where he lived with his sister and aunt, Nita Michetti and Rena Marchesi.

**SPECIAL LEGISLATURE SESSION
CALLED FOR AUGUST 17th**

EDMONTON (BUP)—A special session of the Alberta Legislature will open in Edmonton August 17th. It will be the first session since the June 29th general provincial election, when the Social Credit government was returned to power but with a reduced majority.

The opposition group of 24 will be the largest since Social Credit came to power 20 years ago. The Social Credit government of Premier E. C. Manning will have 37 supporters, but three cabinet ministers who lost their seats will be missing from the list. They are Attorney-General Lucien Maynard, Provincial Treasurer C. E. Gerhart and Lands and Forests Minister Ivan Casey.

Premier Manning said before he called the election that the special session should run about two weeks. Most of the business facing members is left over from the last session before the election.

One move will be to vote a \$50 Jubilee bonus for all recipients of provincial allowances.

The house is also expected to take up the touchy subject of establishing producer marketing boards for farm products. The legislation proposed by the government last spring is permissive, allowing the producers of each product to decide in a plebiscite whether they want to set up a board. However, cattle were excluded from the legislation.

**Pioneer Miner
Dies In Edmonton**

Levi Parker, 71, of Edmonton, a pioneer coal miner, died in hospital after an illness of eight months.

Mr. Parker came to Alberta in 1905 and worked in mines in the Crowsnest area. He moved to Edmonton in 1911 where he operated the Twin City and Dawson mines. He was part owner of the Marcus mine at Clover Bar and owner of the Sundance mine in Cardiff where he also farmed.

Premier Takes Over Maynard's Portfolio As Attorney-General

Announcing the biggest cabinet reshuffle since Social Credit came to power in 1935, Premier Manning named four new ministers and announced that he himself would take over the post of Attorney-General.

This portfolio, formerly held by Hon. Lucien Maynard, was left vacant when Mr. Maynard failed to win re-election in June in the St. Albert constituency. His seat was won by Mayor Arthur Soetaert of Morinville.

Mr. Manning now holds the three top posts of Premier, Attorney-General and Minister of Mines and Minerals.

The new ministers are: Fred C. Colborne, Calgary, without portfolio; Allen R. Patrick, Lacombe, Economic Affairs; Raymond Reirson, St. Paul, Minister of Industries and Labor; James Hartley, Ft. MacLeod, Minister of Public Works.

Other changes in the cabinet are as follows:

From municipal affairs Hon. E. W. Hinman goes to provincial treasurer.

Hon. N. A. Willmore becomes minister of lands and forests, replacing Hon. Ivan Casey, defeated in the Okotoks-High River riding in June.

Mr. Hooke will be minister of municipal affairs and provincial secretary, succeeding Hon. C. E. Gerhart, also defeated.

Four new cabinet ministers were sworn in Tuesday afternoon. The three new ministers with departments and all others with new portfolios, including the premier, also took the oath in respect of their appointments.

The most compact baler ever built!

NEW HOLLAND'S sensational MODEL 66

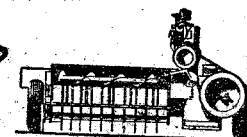

Makes hay baling practical on almost any farm
It's self-powered... makes square, man-size bales
Costs hundreds of dollars less!

The surprise of a lifetime! That's the New Holland Twine-Tie "66"! We'll wager you've never seen a baler so compact in design . . . so completely new!

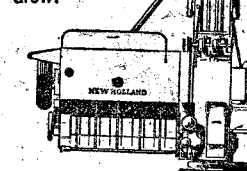

You'll be amazed the first time you see the "66". It's shorter and lower than most balers. It's designed to operate with a one or two-plow tractor. It's priced so low that even small-acreage farmers can now afford the finest in baling equipment.

Now you can enjoy the benefits of having your own baler on the farm. You can bale your hay the moment it's ready to come in, and bale it fast for minimum spoilage by sun or rain.

New pre-compression baling action given the "66" unusual capacity. It can kick out 6 square bales a minute . . . package up to 7 tons of hay an hour! And it bales anything — clover, prairie hay, sudan grass, maize.

The low center of gravity and wide read of the "66" give greater stability even when baling on hill-sides. The wide 47 1/2" pick-up takes any windrow.

Engine is mounted high in the air, clear of dust, and chaff.

Roll-away bale chute flips bales out of the tractor's path. Twine box is easy to get at — holds four, full-size balls of twine.

Truck Accident Takes Life Former Falher Resident

FALHER—Paul E. Cliche, 31, formerly of Torrence, Calif., and Falher, was killed in a truck accident in a lumber camp in Big Bear, Calif., recently.

Mr. Cliche's truck jack-knifed and spilled a load of logs on the lower part of his body.

He was born in Waterville, Me. His parents are Maurice and Fernande Caron Cliche, now living in Falher. He served in World War II and moved west about four years ago.

He leaves, besides his parents, his wife, Mrs. Lucille Gaire Cliche, and a daughter, Louise, in Torrence, a brother, Leo, and five sisters, Cecile, Rita, Therese, Helen and Rollande.

Truck Wrecked By Train

REDWATER — A light delivery truck, owned and driven by Edmund J. Noel of Coronado was in collision with the northbound passenger train at the fourth street west crossing on Thursday evening of last week.

The truck sustained about \$500 damage, but luckily the driver escaped without any serious injury.

Mr. Noel, when interviewed by the police, stated that he had become confused by the signs and detour notices placed on the water installation ditches on Railway Avenue, and to avoid any further confusion, he had turned his truck south to go across the CNR crossing, when suddenly without apparent warning the train was on top of him. Mr. Noel also stated that he had been blinded by the rays of the sun.

The left front of the truck hit the left side of the train, and

Mr. Noel put on the brakes immediately and was dragged across the level crossing.

The engineer of the train stated that the truck driver seemed not to hear the signals and noise of the oncoming train.

The train continued to its destination and the truck was removed to Malowany's Garage for repairs.

Electrical Storm Costly To Farmers, Oil Companies

REDWATER — Farmers in the last process of haying, and oil companies, both suffered heavily through the electrical storm and the heavy cloudburst of rain which followed on Sunday last.

Many oil companies reported motors and switch boxes burned out. The local power company was able at all times to keep the power on except for a slight three-minute break.

Heavy rains forced the Redwater Town Council to close the west road into town to all traffic over one-half ton. As farmers are hauling wheat and grain against the August deadline, this worked a hardship on those who have not completed their quota deliveries to the elevators.

Joan Clennett Wins With Aberdeen Angus

CHAILEY — The district ends congratulations to Miss Joan Clennett on winning first prize in the Mannville 4H Calf Club with her sleek Aberdeen Angus.

Other 4H Club members from the district who showed calves at the Vermilion Fair included John and David Clennett, Stan Saint, Shirley and Josie MacDonald.

Shirley MacDonald won first prize for showmanship.

Inquest Into Woman's Death

DRUMHELLER, (BUP)—An inquest was ordered into the death of a Rosedale, Alberta, woman, who was killed in a highway accident Sunday of last week.

Thirty-three-year-old Mrs. Florence Currie died when the car in which she was riding missed a curve and plunged down an 18-foot embankment. Her husband, James Currie, suffered bruises, head lacerations and shock.

The accident happened about six miles east of Drumheller.

Injured By Falling Tree

SLAVE LAKE — A severe rain and wind storm hit the district on Monday, August 1, about 2 p.m. The wind reached a velocity of around 50 to 70 miles per hour, and during the height of the storm the wind blew down a large tree, which landed on the home of Mr. and Mrs. Maxine Giroux, and pinned Mr. Giroux under the debris. He suffered shock and bruises.

Bank Manager Leaves For City

FALHER—Mr. H. B. Mercereau, manager of the Bank of Montreal at Falher since its opening nine years ago, has recently been appointed manager of the Bank of Montreal at Shopper's Park, Westmount, Edmonton. He left on Friday with his family for his new post.

Mr. Mercereau is well-known in the district and has made many friends. He has always been a strong supporter of sports.

J. H. Sabran of Levis, Que., has been appointed to replace Mr. Mercereau.

Vacation School To Start August 8

REDWATER — This year the annual Vacation School will be sponsored by the Sunday School staff of St. Mary's Anglican Church and the Redwater United Church of Canada. It will be held in the Legion Memorial Hall, which has been donated free of charge by the Legion and will start on Monday, August 8, continuing until Friday, August 19.

Director of the school this year will be Miss Gwen Symington, who is an expert in the field of youth work in Alberta. Assisting as musical director will be Mrs. Harold Smalley. In charge of the teenagers will be the school leader. The Junior High Group will be handled by Mrs. Jud Cook, who will be assisted in the handicrafts division by Mrs. R. H. Middleton.

The Primary group will be under the direction of Mrs. Bill Millman and Mrs. O. Edmondson, with Mrs. Bill Mitchell assisting.

The Kindergarten and Beginners will be under the direction of Mrs. J. G. Gordon and Mrs. L. A. Walker. Mrs. Alex Gordon will also assist.

Mothers of children who plan to attend are asked to save all their cereal cartons, pieces of string, cardboard, old odd wide-mouthed bottles, fancy shaped bottles, such as olive oil, magazines, salt cartons, large match boxes, newspapers, and scraps of wood. All handicraft supplies are being ar-

ranged for, however, the above mentioned articles will be needed for the smaller children to create different things each day.

The older children will be making a boat in a bottle, which is a fascinating pastime.

The theme of this year's school is "Sailing With Christ", and depicts different periods in Christ's life.

Fernand Chailier Wins In Contest

FALHER—The names of the winners in the essay contest for Canadian Boy Scouts on "What It Means To Be a Scout" have been announced by the Executive Commissioner, Boy Scouts Association for Alberta.

People of Falher and the surrounding district will be happy to know that the winner was a district boy, Fernand Chailier, 14, of Falher. Fernand's essay has earned him an all expense paid trip to the Eighth World Jamboree at Niagara-on-the-Lake, Ont., August 18th to 28th.

The names of our other Alberta Boy Scouts who have won all expense paid trip to the Jamboree have also been announced.

Cemetery Cleared Of Brush, Grass

LAC LA BICHE — On Monday, Aug. 1, work was started on the Lac la Biche cemetery, immediately east of town. Approximately 10 men and foreman, T. Mackriss, began the project by clearing away the brush which had grown within the cemetery over a long period of time. After the clearing of brush, the crew was reduced to four or five in number.

This project, made possible from a grant by the Town of Lac la Biche, is headed by a committee. The committee consists of M. MacCagno, representing the Town of Lac la Biche; H. Kramer, representing the Protestants, and T. Mackriss, representing the Roman Catholics.

It has been planned that the brush be fully cleared away and that a fence be built to the front facing the road, also that the weeds be sprayed between the graves.

The unused portion of the cemetery has been plowed up and at a later date will be seeded with grass.

Upon inspecting the cemetery, it is obvious that a good portion of the work has been completed and continuous work on it will prove to make it very clean in appearance and will catch the eye of the public as a job well done.

After grass was cleaned out and brush cleared away, it was found that many graves are left unnamed, and the committee asks that anyone having interests in this line are to place names on the graves for reference.

CHAS. LEBAS

Says...

"IF A BIRD IN THE HAND IS WORTH TWO IN THE BUSH—HOW MUCH IS A FULL STORAGE TANK WORTH IN A BUSY SEASON?"

Now is a good time to have that storage tank full of Imperial Tractor Fuels. Then you'll be able to go full steam ahead when you start to get busy.

If you don't have a storage tank... see someone who has. He'll tell you it's a fast, safe and convenient way of storing and handling gasoline. He'll tell you, too, that getting a storage tank was one of the smartest moves he ever made. And when you get your tank, it'll be a smart move to get it filled with Imperial Tractor Fuel.

RAINS EASE FIRE THREAT

Recent rains have improved the forest fire situation in Alberta, T. R. Hammer, chief superintendent of forest protection, said.

Rainfall has relieved the threat in Fort Vermilion area.

The worst area still is the northeast corner of Alberta near Lake Athabasca where four fires continue to burn under control.

Car Bingo
Raises Funds For
Fair Buildings

The car bingo sponsored by Athabasca Agricultural Society, July 28, was a huge success. At least 540 cars and trucks were on the hill at Athabasca. Prizes were widely distributed and the winner of the 1955 Tudor Ford Sedan was Mr. Gerrard of Morinville.

Directors of the Society wish to convey their thanks, not only to the directors and their helpers, but also to those who supported the effort.

The bingo was held to raise funds for the erection of buildings on the fair grounds and construction has already started.

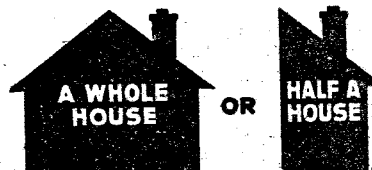

Boyle

Mrs. Mary Dvernychuk is a patient in the University Hospital in Edmonton, where she underwent an operation on July 25.

Born to Mr. and Mrs. Walter Bayda, a son Dwayne Walter on July 23. A brother for Elaine.

Mr. and Mrs. J. L. Andruski left for a motor trip through Banff, Radium and the Okanagan Valley on July 29. They expect to be back within a week or so.

Many from the district attended the car bingo held in Athabasca on July 28. Mr. George Parsons was one of the lucky winners from this district.
